Ch25

Programming Paradigms

CHAPTER ASSIGNMENT

Name _____ Class _____ No. _____ Date _____

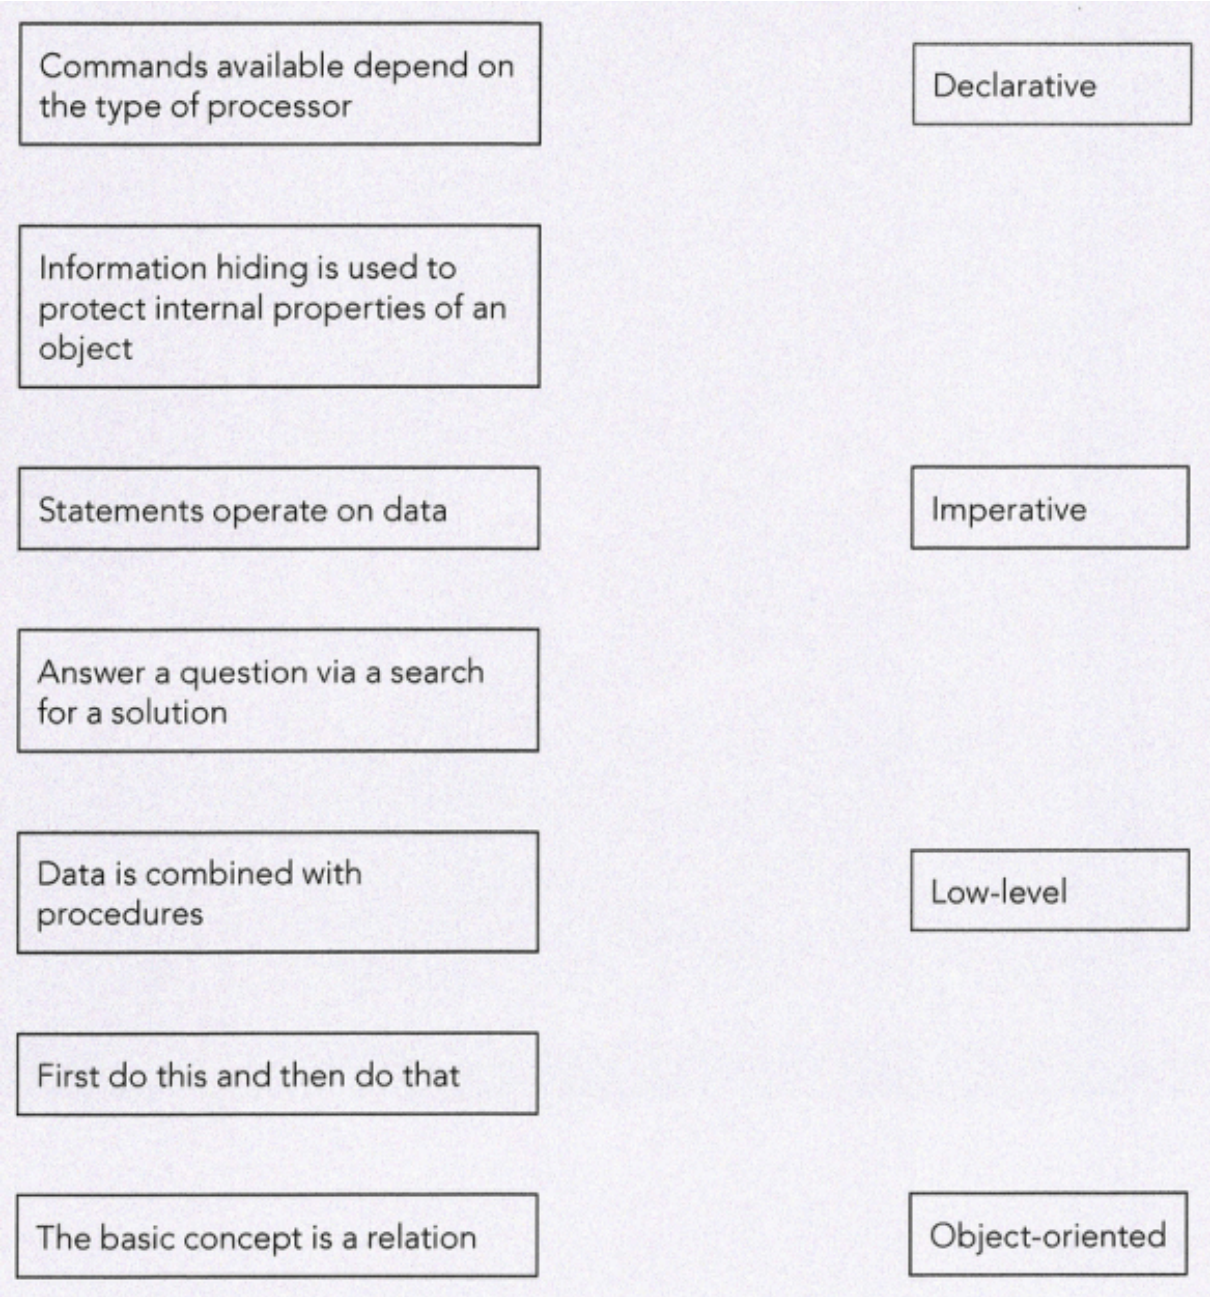

> Answer every question in the space given. Show your working. You may use the chapter page to help you.

Questions from *Computer Science for Cambridge International AS & A Level Coursebook*, 2nd edition, Sylvia Langfield and Dave Duddell (Cambridge University Press), for classroom use.

Tasks and questions from the chapter

RP **Reflection Point:** Why are there different paradigms?

T25.01 **Task 25.01:** Draw a line between a statement on the left and its matching programming paradigm on the right.

T25.02 **Task 25.02:** For each of the four programming paradigms in this chapter, give one programming statement example that is characteristic for this paradigm. State the programming language you used for each example.
